

## GIS RESOURCES, June, 2006

### ArcUser Magazine:

ArcUser magazine is issued quarterly and each issues has how-to articles and/or highlights interactive tutorials that can be downloaded. You may subscribe to ArcUser by accessing the following link: [www.esri.com/arcuser/](http://www.esri.com/arcuser/). ArcUser is distributed at no charge within the United States. It provides practical, technical information on how GIS is used and how to use ESRI software most effectively.

### Recommended Online Courses on ESRI Software:

Each of these and others can be found at <http://campus.esri.com/>.

"Working with Map Projections and Coordinate Systems in ArcGIS"	Free	1hr
"Geoprocessing with ArcGIS Desktop"	1 <sup>st</sup> module free; whole course \$100	10-20hrs total
"Learning ArcGIS 9"	1 <sup>st</sup> module free; whole course \$175	16-32 hrs total
"Understanding Map Projections and Coordinate Systems"	1 <sup>st</sup> module free; whole course \$125	12-24 hrs total
"Understanding Geographic Data" *Uses free ArcExplorer program – after June of 2006 will use ArcGIS9	1 <sup>st</sup> module free; whole course \$125	12-24 hrs total

### Demo Software:

If you do not have a copy of ArcGIS 9, you may request 60-day evaluation CD of ArcGIS (ArcView) 9.1 <http://www.esri.com/software/arcgis/arcview/eval/evalcd.html>. Included on the CD are several tutorials including:

- *Getting Started with ArcGIS,*
- *Using ArcMap,*
- *Using ArcCatalog,*
- *Geocoding in ArcGIS,*
- *Using ArcGIS 3D Analyst,*
- *Using ArcGIS Geostatistical Analyst,*
- *Using ArcGIS Publisher,*
- *Using ArcGIS Spatial Analyst,*
- *Using ArcGIS Survey Analyst,*
- *Using ArcGIS Tracking Analyst,*
- *Using ArcReader,*
- *Using ArcScan for ArcGIS, and*
- *Using Maplex for ArcGIS.*

### GIS Podcasts:

For the truly committed...

<http://esri.com/news/podcasts/index.html>

Download and listen to the audio files on your computer or take them with you on your MP3 player. There's an "Instructional Series" with training and education on ESRI software products; and a "Speaker Series" with highlights from ESRI conferences and events.
